**On Friday 14 April here at Woodstock Residential Care Home, we held a leaving party for one of our Managers, Leah.**

Leah has been **part of Nellsar for over nine years**, starting as a Healthcare Assistant and working her way up through the company to become our **Unit Manager**.

Leah frequently featured in Woodstock's pictures dressed in **inflatable fancy dress costumes** and always put a smile on our residents' faces!

Our staff team bought her **flowers, a bottle of rum, two pandora charms** and **some Vans trainers** for her leaving gifts, which she was delighted with.

Leah is off to try a new career path and will be greatly missed by all staff and residents at Woodstock. *We wish her all the best for the future!*
