

*Posted on December 9, 2019*

**On Friday 6 December we welcomed some volunteers from The Prince's Trust to Woodstock Residential Care Home to spend time with our residents in the morning.**

The young group played lots of games and had a great time chatting with our ladies and gents.

Encouraging residents to bring out their competitive sides, they played a variety of ball games, ping pong, bowling and dominoes.

One of our ladies, Hazel, taught four of **The Prince's Trust** members how to play dominoes and loved passing on her knowledge.

It was lovely to have the volunteers at our **Home** and we hope they come to visit us again.
