Here at Woodstock Residential Care Home we've celebrated another week full of birthday celebrations.

The week started off with **Joan's** birthday, who had a lovely pink cake made for her. Joan received lots of visits from her family and enjoyed sharing her celebrations with her loved ones.

We then celebrated **Molly's** birthday, who received a lovely puréed cake, specially made by our Chef Damon for her to enjoy on her special day.

It was **Jen's** birthday next and she was taken out for lunch with her husband and friends which was a fantastic treat she thoroughly enjoyed.

The week finished off with **Michele's** birthday. She had an enjoyable visit from her daughter and received a lovely cat teddy. We also put our language skills to the test and sung 'Happy birthday' to her in French – which she said was very good!

We have really enjoyed making our ladies feel special this week and wish them all many happy returns!
