Here at Woodstock Residential Care Home we celebrated no less than four birthdays last week and were spoilt with lots of cake!

We first celebrated **Lena's birthday**; she received some beautiful flowers and presents from her family. Next it was **Don's birthday**, followed by **Jacky** – both received lovely visits from their family.

Finally we then congratulated **Brian** on his birthday and he received a wonderful Skype call from his family in Thailand.

All four of our residents were presented with a **wonderful cake** made for them by our Chef Damon. Our team gathered together and sang 'Happy birthday' to them and wished them 'many happy returns' as they blew out their candles and made a special birthday wish.
