

Posted on June 2, 2021

On Tuesday 1 June, our residents at Woodstock Residential Care Home got into the spirit of our next Nellsar Cruise destination – France.

We created a new activity – **baguette tossing no less!** A bit like javelin, but with a tasty bit of French bread! We were even dressed for the occasion, with berets, striped tops and strings of onions!

It was fun testing our **throwing skills** and it even got a bit competitive, as we set out our garden with points to be won!

What great fun! We are looking forward to further French-themed fun as the destination approaches this month.
