On Tuesday 14 January we had great fun preparing to celebrate National Hat Day by making and decorating our very own hats here at Woodstock Residential Care Home.

We decorated our hats with sequins, sparkles, names and feathers which was great fun!

As we got creative, we decided to turn the day into 'Crazy Hat Day' and spent the afternoon decorating, having some great conversations and enjoying lots of laughter – it was wonderful!

The next day we all got to wear our crazy hats that we made the day before. We had great fun admiring everyone's designs and taking photographs.
