Last week, our residents at Woodstock Residential Care Home enjoyed a Christmas film afternoon with a Christmas trolley full of festive treats.

We had different films on in different lounges, so our residents could decide which film they would like to watch; options included *The Christmas Chronicles*, *The Grinch* and *White Christmas*.

Our talented Cook Lynn created some beautiful **Christmas cupcakes** to go with a variety of **hot chocolate drinks**, including white hot chocolate, Cadburys and mint. We topped the hot chocolate with whipped cream and chocolate sprinkles. *Yummy!*

Our ladies, gents and staff all enjoyed the Christmas treats while **relaxing and spending some quality time together**.
