This week our lovely residents at Woodstock Residential Care Home have created some beautiful Christmas wreaths.

We made these by cutting green card into circles and then cutting out small Christmas characters like **Father Christmas, Rudolph and snowmen**, and then sticking them onto the card. We also attached 'Merry Christmas' signs to them.

Lots of fun was had getting sticky with the glue! We now have our artwork proudly on display in our dining room ready for our Christmas parties next week.

Our ladies and gents also got in the Christmas party spirit with our **Christmas tippie trolley**. We had **sherry and Baileys** on offer which we took around our Home to the delight of our residents. *The Baileys was the most popular of the two and definitely put a smile on everyone's faces!*
