**On Sunday 8 January our residents at Woodstock Residential Care Home had a cooking session, making hot dog sausage rolls.**

We created these delicious sausage rolls by cutting **sheets of pastry** into strips and carefully wrapping them around our **hot dog sausages**. We put them all onto baking trays and then brushed them with a **beaten egg wash** to create a golden brown finish, before placing them in the oven.

Once cooled, we shared them around and everyone enjoyed them with a **lovely cup of tea**. *We were all impressed with the results!*

We had lots of fun creating these yummy sausage rolls and chatting with each other about our cooking experiences.

*We are very much looking forward to our next cooking session!*

We loved making the sausage rolls!
