Woodstock Residential Care Home residents, staff and families came together for a Country and Western themed barbecue on Friday 31 August.

The good weather meant they could make the most of their garden, which they dressed with bunting, balloons and table decorations.

Highlights included the delicious mocktails on offer and 'dancing the day away' to country and western music, performed by entertainer *Tennessee*.

Woodstock staff and residents really loved getting dressed up as Cowboys and Indians, to add a bit of extra fun and colour to the day!

Everyone worked so hard to make this another fantastic success at **Woodstock**.
