

Posted on February 26, 2021

On Thursday 25 February we made our own Mother's Day cards to send to all our Woodstock Residential Care Home families next month.

On the front of our cards we feature raining love hearts and an umbrella, with the caption '*Showering you with love*'.

We enjoyed making these cards using a **love heart stencil**, **red paint** and a **sponge**. We got creative using cake cases for the umbrella design on the front of the card.

Inside our cards we had a **personalised photo** from our Mother's Day photoshoot which we decorated with bright flowers.

Sending all our love to our families.
