**On Wednesday 22 March everyone gave their best shot at crazy golf here at Woodstock Residential Care Home.**

Our residents enjoyed **cheering each other on** and having a go for themselves to see if they could take on the challenge.

We had a crazy **golf astroturf** and an alternative for **armchair golf** so everyone could join in; for armchair golf we used dustpans with different scores to adapt our course and everyone enjoyed having a go!

Some residents chatted about how they **played golf as a hobby** when they retired and everyone had fun seeing who could get the highest score.

We had some talented golfers who got a **hole in one**. *Watch out Rory McIlroy!*
