**We had a lovely time with our residents on Tuesday 26 May, sticking pictures of what they have been up to into photo albums at Woodstock Residential Care Home.**

This is always a brilliant one-to-one activity as we get to talk about the activities we've done together and which ones our residents have enjoyed doing – a wonderful way to engage and make a special keepsake to look back on.

These albums are lovely for our families to look at too when they visit.
