

Posted on January 10, 2022

On Saturday 8 December we got our creative juices flowing with a variety of arts and crafts at Woodstock Residential Care Home.

We decorated **jewellery boxes**, **wind chimes** and **butterfly decorations**.

Our ladies and gents used felt tip pens to personalise their pieces and added **jewels and sparkle** for some glamour!

We had *'The Sound of Music'* soundtrack playing in the background which we enjoyed singing along to whilst we created our artworks.

We all enjoyed spending the time with friends, chatting and admiring others' art. *It was a wonderfully therapeutic afternoon and we are all very proud of our masterpieces!*
