**This week is National Doughnut Week and at Woodstock Residential Care Home we didn't want to miss out on an excuse to enjoy the sweet treats!**

*We set up an eye-catching doughnut trolley and went around our Home to tempt our residents with lots of different doughnuts including jam, custard and iced-sprinkled. Yum!*

Our ladies and gents all enjoyed choosing which one they would like and **reminiscing** about the sweet treats from their childhood. There were lots of sticky fingers and sugary lips!

We also created a '**doughnut hoopla**' for everybody to enjoy a bit of friendly competition – it was lots of fun and we all enjoyed cheering each other on.
