**Over the last week at Woodstock Residential Care Home we've been decorating our Home to make it look festive!**

Our Maintenance Team have worked hard and created a **beautiful tree** out of **Christmas lights** that sparkle at night and our residents can enjoy looking at it from the comfort of our lounges.

We have also decorated trees around our Home with festive baubles, tinsel, lights and bows to make our lounges **Christmassy and jolly**.

Our Reception has been decorated to welcome our visitors; *we can't wait for all the festivities that this month will bring!*
