

Posted on January 18, 2022

Our ladies and gents had a day of enjoying lots of different activities and pastimes this week at Woodstock Residential Care Home.

We played a **ball target game** with points and had fun **bowling** and **playing catch**.

Some of our residents took the opportunity to **update our Home's photo album**, sticking new pictures in place, so we can remind ourselves and visitors of all the activities we do together.

We also spent time on **interactiveMe**, looking at photos and **reminiscing**.

Everyone really enjoyed having a variety of activities going on in our **Home**.
