Our residents at Woodstock Residential Care Home enjoyed a visit from [Gemini Fashion](#) mobile shop on Friday 12 October.

Gemini Fashion is a company that specialises in supplying clothing, nightwear, underwear, footwear and accessories for residents living in care and nursing homes in the UK.

The Gemini team brought a selection of colourful fashions in to **Woodstock** - there was an impressive range of rails for everyone to browse though and purchase clothes if they wanted to.

It was fantastic to be able to bring such a super shopping experience in for our residents to enjoy.
