On Sunday 27 March our residents at Woodstock Residential Care Home enjoyed challenging each other to a giant game of Connect 4!

We took it in turns to go against the winner of each previous game and everyone enjoyed being competitive.

Each player was very careful with their placements to get four in a row in any direction – and were on the ball at blocking their opponent's chance of winning!

Everyone enjoyed playing in teams in our lounges, plus individually in our garden.

It was an exciting activity and we encouraged each other to win. *Great fun!*

Lots of concentration!
