**On Monday 30 October our residents had a fun-filled day at Woodstock Residential Care Home with Halloween face painting and party games.**

Our ladies and gents joined in with lots of different party games wearing some lovely Halloween party hats; our games including **pass the parcel, witches hat hoopla** and **balloon tennis**.

During witches hat hoopla, we split into orange and green team to compete against each other. Residents cheered on their team members and it ended in a draw!

Our pass the parcel was great fun and everyone took turns passing the package around to each other. When the music stopped, our residents really enjoyed tearing off a layer of wrapping paper to retrieve a special Halloween treat. **Our winner of pass the parcel won a luxurious dressing gown** and was absolutely over the moon. Everybody clapped and cheered and was very happy for their friend winning this lovely prize.

Of course we couldn't resist a sing and a dance along to music and we warmed up with a 'Monster Mash' **seated exercise session** to get our arms and legs ready for the party. To get in the spirit of Halloween we enjoyed having **spiders, cobwebs, cat whiskers, devil horns and ghosts painted on our faces**.

Everyone was laughing and joking around, chatting about when their children were younger and their fun with face paints.

*A brilliantly spooky day, full of fun!*
