

Posted on October 14, 2021

On Thursday 14 October we had the pleasure of Mo and John entertaining our residents at Woodstock Residential Care Home.

They organised **music**, **exercises** and **quizzes** for everyone, using props and different tunes to get everybody involved with the music.

Mo enjoyed challenging everyone's brains with a musical quiz and a sing along.

Mo and John come to **Woodstock** once a month and our ladies and gents really enjoy seeing them and taking part. Every month is different and we all look forward to the variety of music they create to liven our day.
