On Monday 29 May we got creative decorating biscuits at Woodstock Residential Care Home for National Biscuit Day.

National Biscuit Day, which is celebrated annually each May, is a British holiday that allows everyone to appreciate the biscuit and all its various types and flavours.

We all love a biscuit at Woodstock so this was a perfect day for us to **decorate our favourite biscuits with extra toppings** to make them even yummiier. We used **icing sugar, sprinkles, chocolate drops** and **icing pens** to create our beautiful biscuits and they really did look good enough to eat!

After finishing our biscuits we gave a helping hand to our Kitchen Team, by decorating some delicious **cupcakes** too!

Everyone got stuck in and thoroughly **enjoyed getting creative** with designing and helping with the cupcakes. We served them with a lovely cup of tea and chatted about our baking days.

What a lovely activity for creativity – our residents were proud to have been a part of it.
