Woodstock Care Home

Posted on October 23, 2019

Anyone popping in to see us at Woodstock Residential Care Home last Friday 18 October would have been in for a treat as we were delightfully decked in pink!

Our staff and residents dressed in pink for the day to raise money for breast cancer awareness. It was a great way to have a bit of fun and raise valuable funds for a worthy cause at the same time.

We **raised £25** from staff kindly donating a pound each to wear pink.

Well done team!
