Woodstock Residential Care Home residents and staff were very pleased to welcome two very friendly visitors on Wednesday 20 March - Pets As Therapy volunteer Davina and her gorgeous dog Lola.

[Pets As Therapy](#) is a national charity founded in 1983 who enhance health and wellbeing in the community through the visits of trusted volunteers and their animals.

Residents loved meeting them both and really enjoyed their cuddles with Lola, who was more than happy to sit on laps for lots of strokes and attention!

They look forward to seeing them both again soon.
