## Piñata

We kicked off our Spanish-themed week here at Woodstock Residential Care Home with a game of Piñata.

Everyone had great fun hitting the Piñata and seeing who could break it open to release all the **delicious sweets inside**.

It created lots of energy and excitement and once it was finally broken open, we shared out the sweets.

## Cocktails

Our **Woodstock** residents enjoyed a **cocktail** before they set off on their virtual Cruise to Spain – *and why not!*

We served homemade **sangria and piña coladas**, which went down very well!

The sangria was made from red wine, brandy, orange juice and brown sugar (for our residents who like a little tippie) and the piña coladas were made from pineapple juice and lemonade. *Very refreshing!*

*Let's hope our Captain Charles doesn't have too many cocktails before we board our ship, as we could end up in Timbuktu!*

Such a fun day of treats!
