Sunday the 9 January marked National Pizza Day, so we felt only too pleased to celebrate one of the most popular foods on the planet here at Woodstock Residential Care Home!

Our residents really enjoyed creating their own pizzas to eat for tea. Plain cheese or pepperoni, thick or thin, it didn't matter! We used a colourful array of toppings and finished up with a fantastic batch of delicious handmade pizzas, which were like works of art!

Our evening tea was extra special as our residents enjoyed the fruits of their labour. Yum!

We hope you all enjoyed National Pizza Day as much as we did!
