On Thursday 11 November our residents at Woodstock Residential Care Home spent the day travelling around Ireland!

They listened to **Irish pub songs**, **tasted some Guinness** and explored everything Ireland has to offer.

Everyone dressed up in green with **Irish accessories** for a fun **leprechaun photo shoot** and our Kitchen Team prepared an amazing **homemade Irish stew** which went down a treat.

Our residents and staff have been practicing their dance moves and had great fun doing a **jig to the Irish music** we had playing throughout the day.

A day full of laughter and fun at Woodstock!

Delicious Irish stew
