On Thursday 5 May at Woodstock Residential Care Home, we asked our residents to share their thoughts on what their dreams are for their lives.

We had lots of funny replies and some heart-warming ones too.

Jen's dream is to 'win the lottery and spend it all on clothes!'

Pete dreams of an 'endless supply of chocolate mini-rolls!'

Joan's dream is to 'live to 100!'

Wendy's wish is to 'live a happy life with friendly and caring people'

Iris would love to 'go to Australia'

We displayed all these amazing dreams on our wall for everybody to enjoy and are hoping to add more to it if people's dreams change.
