Our residents at Woodstock Residential Care Home enjoyed celebrating St Valentines Day on Thursday 14 February with singer Storm King.

Everyone loved dancing and singing to all the songs and it was a wonderful atmosphere in our **Home**, with lots of smiles and chatter.

We were treated to some beautiful Valentine cakes which were made by our cook, and our staff and residents dressed in pink or red to celebrate the day.

We gave all our residents love heart chocolates and laid our tables with red valentines decorations.

We loved creating such a memorable day.
