**On Saturday 23 April we celebrated St George's Day at Woodstock Residential Care Home with themed arts and crafts, colouring in St George's flags and George and the dragon pictures.**

We added some texture to some of our flags, when we scrunched up red tissue paper into balls and stuck them on to the cross of the flag.

It was a lovely therapeutic afternoon of **colouring and chatting with friends** and we are looking forward to seeing our masterpieces displayed around to brighten our **Home**.
