Last week at Woodstock Residential Care Home, our resident Joan held another arts and crafts session for our ladies and gents supported by our staff – this time they had fun drawing self portraits to enter into a Daily Sparkle competition.

Everyone got creative using a range of materials, including **colouring pencils, paints and felt tip pens** – with some *fantastic results!*

We have **displayed our masterpieces** around our Home for everyone to look at and admire. *Well done to all our budding artists!*
