**Our Woodstock Residential Care Home residents had their target skills put to the test in a variety of games this week!**

Their first game was to land the **beanbag** on the correct coloured plate without it sliding off; the second game was a **ring toss** to match the colours – *not as easy as it looks!*

The final game was to **catch balls in a basket** which were being rolled across a table, which was a good giggle! *We all enjoyed cheering each other on and clapping our successes.*

Such a fun afternoon which brought out our competitive sides and certainly **tested our aiming and co-ordination skills!**
