Happy Valentine's Day!

Our ladies and gents all enjoyed celebrating Valentine's Day here at Woodstock Residential Care Home on Wednesday.

We **decorated our Home** with lots of red and pink hearts, and hearts that had been coloured in by our residents.

First we **played a game where we had to roll dice to pick a question about Valentine's Day and things we love**. Questions included 'Do you have a funny story about a date?' and 'Have you ever been married and where did you meet?'. We all enjoyed listening to each others' stories about tales of love and finding out a little bit more about each other.

In the afternoon **we welcomed one of our favourite singers, Fred Clark**. Fred sang a variety of songs to us and gave us a chance to get on the mic and show off our singing voices!

We all enjoyed some **Prosecco** and beautifully decorated **cupcakes and biscuits** made by our Chef Lynn, and had also **invited some of our residents' husbands and wives** in to celebrate with cream tea.

Birthday wishes for Dennis

We also celebrated a birthday on Valentine's Day when our lovely **Dennis turned 96**. Dennis enjoyed a **visit from his daughter and sister**, and also received lots of post and flower deliveries.

Our Chef Damon made him a **lovely cake** which we all looked forward to sharing at tea time.

Everyone had a lovely day with each other, celebrating new friendships and love, as well as remembering ones from the past.
