**Love was in the air at Woodstock Residential Care Home on Valentine's Day as our residents had a romantic afternoon tea with their loved ones, with entertainment from singer Fred Clark.**

We transformed our dining room with **hearts and balloons**, and decorated our tables with red tablecloths, petals and red roses. We served delicious '**graze boxes for two**', packed full of treats including finger sandwiches, biscuits and cakes.

Everyone enjoyed a **glass of bubbly** as they sang and danced the afternoon away.

*What a wonderful day, full of love!*
