**On Monday 8 May we celebrated VE Day at Woodstock Residential Care Home after a patriotic weekend of celebrating the coronation of King Charles III.**

Our residents continued the celebrations as they had said it was a very special occasion in their lives.

We invited singer Jasmine in to sing some of our residents favourite war time songs. Our ladies, gents and staff all joined in with a singalong and a dance.

Our team also dressed up in red, white and blue, and our **Home** still looked amazing with all our Union Jack flags from the coronation.
