

Woodstock Care Home

Posted on June 11, 2020

As part of National Carers Week this week, we celebrated on Wednesday 10 June with a special afternoon tea for all our staff at Woodstock Residential Care Home.

We enjoyed scones, clotted cream and fresh strawberries, accompanied by glasses of bubbly.

Some of our **families wrote some lovely emails** saying how wonderful everyone has been during these difficult times; we put these on a noticeboard for everyone to read. It's such a boost to us all to know how we are making such a difference.

This was a thank you from **Nicola** and **Nellsar** for all the staff at **Woodstock** for their hard work over these past couple of months.

All our staff thoroughly enjoyed such a delicious treat!
