Our lovely gents at Woodstock Residential Care Home got to enjoy an afternoon together this week, completing an A-Z Quiz on cars in groups and looking through some magazines about fishing and classic cars.

They enjoyed some **tempting pub snacks** too, including onion rings, frazzles and roasted nuts, all washed down with a nice lager shandy.

During their time together they listened to some **pub classics** including Neil Diamond, enjoying the tunes and singing along.

All our chaps said how much they had enjoyed spending the afternoon together and in particular, reminiscing about the cars from their past.

Enjoying drinks and snacks
