Our residents enjoyed welcoming singer Keeley to Woodstock Residential Care Home for a 1940s sing along, inspired by Remembrance Day.

We enjoyed **singing and dancing** along to the music, with plenty of upbeat songs to get everyone up for a dance. Toots and Rosa showed off their best moves and singer Keeley was very impressed. *There were lots of smiling faces all around!*

Our ladies and gents love it when our staff dress up and 'look the part' – they were not disappointed, as our **team dressed up in 40s wartime clothes** and looked fantastic!

This 40s sing along was a way to remember and celebrate those who fought in the war, along with our **afternoon tea and poppy arts and crafts**.

Many of these songs brought back some lovely memories for our residents and they were happy to share after the party with a lovely cup of tea.

Our residents loved dancing and socialising
