On Monday 15 June we held a fantastic 'Alzheimer's Cupcake Day' here at Woodstock Residential Care Home to raise awareness of the Alzheimer's Society.

We invited **singer Rick Steels** to perform in our garden for our residents seated in the conservatory. They enjoyed our Cook Lyn's **homemade cupcakes** with a cup of tea while they watched the entertainment.

This was the first time we have had an entertainer visit our **Home** since the lockdown began and everyone had a wonderful time singing along.

We are also planning to hold a **coffee morning** to raise money for the **Alzheimers Society** as soon as lockdown is over.
