

Posted on March 1, 2021

We have created a new visiting area at Woodstock Residential Care Home for when we can welcome families back into our Home again.

We have made it look bright and cheerful with an abundance of colourful paper flowers, including a '**Welcome back to Woodstock**' sign in a flower-filled frame – to give our **Home** a springtime feel and make everyone smile and feel welcome.

We can't wait to open our doors again to family and friends!
