Everyone here at Woodstock Residential Care Home would like to say a big thank you to our local Morrisons, for their kind delivery of sunflower seeds and activities for our residents to enjoy.

They delivered a 'Seeds of Hope' bag to us which included **packets of seeds, cups to plant them in, information sheets** and **lovely sunflower colouring sheets**.

We **planted our seeds** in the plastic cups, with tissues paper and a small drop of water, so that they will sprout roots and then we can plant them in our garden. We can't wait to see how tall they will grow!

Thank you to Morrisons for such a kind gesture.
