We love coming together at Woodstock Residential Care Home to celebrate special calendar dates and we were recently excited to mark Chinese New Year with some fun activities and delicious food.

We hosted a **themed quiz** about the different animals that are celebrated over the Chinese New Year and our Cook made us some amazing **homemade spring rolls** and delicious aromatic **Chinese noodles**.

Everyone also enjoyed getting creative with making **spiral dragons** and **colourful lanterns** to hang around our Home; we got busy with the paints and sparkly glittery to make everything look very eye-catching.

Wishing everyone a very happy Chinese New Year!

Chinese New Year creativity and delicious food
