Recently, we celebrated National Ice-Cream Day at Woodstock Residential Care Home with some delicious ice-cream milkshakes – perfect to cool us down in the hot weather.

We blended milk, ice-cream and double cream together to make these tasty treats. We had lots of different flavours to choose from including **strawberry, vanilla, chocolate, mint** and **salted caramel**.

These were all topped with squirty cream, chocolate and strawberry sauce. *Yummy!*

We all enjoyed tasting different ice-creams and the strawberry ice-cream shake was a popular choice!

Our delicious ice-cream milkshakes
