

Posted on August 25, 2021

On Monday 24 August we hosted a creative session at Woodstock Residential Care Home with Jayne who is an art and crafts teacher.

Jayne kindly came into our **Home** to help us all find our '*inner artist*'; by using different shaped cups we created unique patterns and used watercolours to paint all the different shapes inside the circles to create our **abstract masterpieces**. *Don't they look fantastic!*

We can't wait for our next session with Jayne as our residents had such a relaxing time and everyone enjoyed seeing each others' works of art at the end.

Bravo everyone!
