**Our residents at Woodstock Residential Care Home had a brilliant day at the races on Tuesday 15 June!**

We had great weather for **horse racing** and **drinking cocktails!**

Some of our ladies prepared **glamorous fascinator hats** to wear using paper plates, sequins, flowers and feathers. We attached their creations to an Alice band and voila, they were ready to wear! We all had lots of fun and chat while making them and enjoyed seeing everyone's final result.

Our residents had a competition in the garden to see **who would win the horse race**. Four players at a time took it in turns to roll the dice, the number that appeared on the dice was the number of steps they got to move forward. The race involved obstacles too, including the fence that they had to jump (chairs)! Residents had to avoid falling at the fences and if they got stuck there they had to roll a six to get off the fence.

*We all enjoyed playing and it certainly brought out everyone's competitive sides!*
