## What's in the bag?

Our ladies and gents at Woodstock Residential Care Home had fun with a guessing game this week – trying to work out what hidden items were in a bag.

There were five items to guess; **a paint brush, spoon, tennis ball, banana** and **a difficult one – jigsaw puzzle**.

Everyone had a laugh putting their hands in to feel and guess what they thought the individual items were. This was a good way to get everyone's mind stimulated through touch – a **brilliant sensory activity**.
