Our Woodstock Residential Care Home residents and team members all had a great time recently when we hosted a barbecue in our garden.

We put on our sun hats and got in the **summer mood**, with delicious food and super company!

The tempting BBQ food included **burgers, sausages, chicken, chips** and plenty of **salads** and **coleslaw**.

Everyone was on hand to help make the event run smoothly; our Chefs prepared all the food for the party, our team members served the drinks and Carlos and Bogdan from our Maintenance team cooked on the BBQ – a **real team** effort to make it a really special day for our ladies and gents.

*Everybody had a really lovely time in the sunshine.*
