

Posted on July 26, 2021

On Friday 23 July we had a lovely outing with our Woodstock Residential Care Home residents to our local King George's park.

We packed **cake** made by our Cooks and took **homemade sandwiches** and crisps along with us for a **picnic in the sunshine**.

All of us **enjoyed the change of scenery and the walk** down the road to the park; this is something we will do more often now the days are brighter.

It was lovely to relax and socialise in the park together. Great to get a spot of exercise and fresh air too!
