

*Posted on May 3, 2022*

**On Thursday 28 April we were visited by members of our local church at Woodstock Residential Care Home.**

We all **sang along to hymns together** and enjoyed listening to a duet from two of the church volunteers.

It was a lovely way to keep in touch with our **local community** and very nice to have the church service come back into our **Home**.

Our visitors were kind enough to give all our residents a wooden cross to take away with them and keep in their rooms, which they very much appreciated.

*We look forward to having the church service back at Woodstock next month.*
