HMS Woodstock set sail this week, heading for the Caribbean on our Around the World with Nellsar Cruise, here at Woodstock Residential Care Home.

Our residents enjoyed **watching a show on our cruise ship** to get everyone in the mood for some **Caribbean fun!**

We had a live show with **music from around the world**, performed by **Simon** who impressed us with all his wonderful costumes changes!

Our ladies and gents enjoyed singing along to the songs and watching the show – *it was a fantastic way to get us ready for our next destination in July!*
